

IMPROVED THE S READY TO BE RUNNING

Improbable that Vice-President Sherman Will Be Second on Republican Ticket When the Campaign Opens Next Summer—Progressives to Take Part

(International News Service)

By Herbert Clifford

Washington, Sept. 1.—(AP)—The

hoped to the old proverb, makes

senior positions. That's what has

happened in the Republican party since

President Taft has been the occupant

of the White House. It comes about

by having "Sunny Jim" Sherman as

Vice-President of the United States.

Now that a political campaign is

going to happen in the United States

according to the time-table, gossip has

it that President Taft may wish to

ask Sherman off the political horizon

and because Sherman has been a

thorn in the President's side since the

Chicago convention placed the New

Yorker on the Republican national

ticket, Sherman's activities in the Senate

as presiding officer have not been

pleasing to the Chief Executive, and

the second administrative officer of the

hand has also got too much into the

limelight over certain pure food con-

troversies, which have caused the

President point out "a serious threat

to have Democratic spring on the stump

before the voters. Consequently, the

White House is about the coolest place

Sherman could find this hot summer.

Those who have been following the

trend of political matters have failed to

observe any enthusiasm from the Ex-

ecutive mansion over the idea of re-

nominating Sherman. If the President

or the men closest to him in shaping

the campaign for renomination and re-

election are stirred to enthusiasm over

the idea of having Sherman once more

for Taft's running mate, they are care-

fully concealing their feelings. Of

course, no announcement to this effect

is obtainable at the White House, but

the rumors are flying to this effect.

Good reason exists for the belief that

President Taft prefers some other man

for second place on the Republican ticket

if he is to be again the nominee of his

party, and it is a well-known fact

that President Taft's political advisers

are casting about for some other man

than Sherman. Several bills have been

introduced in the House of Represen-

tatives which would remove Sherman

from the President's right hand man is the

intermediate and although charged several

times with leading the plan to eli-

minate Sherman, he has steadfastly

avoided a discussion of the subject.

Representatives, Senators and other

politicians are conspicuous over who

the choice of the administration will

be. Indications point to Senator Hill

of Idaho, a great constitutional

lawyer, and close friend of the Presi-

dent. There exists some doubt as to

whether or not Taft will accept the nomina-

tion. Various other men of the pro-

gressive type have been thought over,

and their merits and demerits have

been considered. One of them is Sen-

ator Cummings of Illinois, another

Senator Bradley of Missouri, who has re-

cently been connected with gossip

concerning second place on the ticket.

It would be a strong card with the

administration in the middle west

and the north west.

As to Sherman, he and the President,

have, it is believed, fallen out for all

time since the Vice-President wrote

his letter to the American Tariff Pro-

hibitive League, in which he threw a

piece of legislation that he has now

heartily supported than any other yet

acted upon by Congress, there has been

at all quiet talk about Sherman's

campaign among men close to the Presi-

dent. They say it is embarrassing

to have Sherman on the ticket in the

1912 campaign, if there should arise a

situation in which, with President Taft

sterilizing reciprocity, and Mr. Sher-

man making campaign speeches against

it, the Democrats should not only not

be calling attention to Sherman's argu-

ments against his own party chief.

The situation is made more acute

by the declaration of Senator Cummins

in the Senate that there would be a

fight between the next Republican na-

tional convention to find out whether

the Republicans of the country are

going to stand by the policy of their

party as embodied in the Canadian re-

ciprocity agreement.

Representatives, progressives, and

others opposed to the Taft Canadian

agreement will do their best to get a

plank inserted in the platform, with

either directly or indirectly expressed

disapproval of Mr. Taft's consideration

of the reciprocity agreement while he

is at the White House. It is true that

some of the men whom Sherman has

opposed are now on the ticket with

Taft, but it is to be expected that

they will have no voice in the recip-

rocity question, but they have not en-

joyed such positions on the reciprocity

measure before the people of the country

as Sherman.

It is to be added that it will cause much

embarrassment in Republican ranks if

Mr. Taft has to be looking for a run-

ner more with Mr. Sherman. But there

are considerations of politics that may

not be taken into account. Chief of these

is the fact that New York is going to be

the great show place of the next

campaign. The outcome of the next

national election is likely to turn on

New York. This affords a powerful argu-

ment for putting a New York man on

the ticket with Taft and Sherman has

a strong machine behind him.

Another New Yorker whom the

President is strongly considering as

running mate is Secretary of War

William Taft, who has rapidly "made good"

in Administration circles, and who has

become a factor in New York politics

since he was the Republican nominee

on the gubernatorial slate of the last

election. Whether the President will

select him, old politicians claim that

he has not been known to the public

long enough and will advise against his

HUNDRED SAVED BY WIRELESS OPERATOR

REPEATS CALL FOR HELP AS
LINER IS IN DANGER OF
BREAKING UP

(Western Associated Press)

Charleston, S. C., Sept. 1.—To the

courage of Wireless operator Shoreley

sixteen-year-old, the liner Lexington's

twelve passengers and crew of forty-

four say they owe their lives, ship-

wrecked for 24 hours, her nose driven

deep in the quicksands off Hunting

Island and with the sea dashing over

her the Lexington threatened to

break up and fling her human cargo

to death in the seething water. It is

said the Lexington will be a total

loss.

But Shoreley, the wireless operator,

did not despair. He persistently ticked

out his call for help and kept the ter-

ror-stricken passengers from aban-

doning hope. Finally a terrible wave

swept the ship under, and wrecked

the wireless station on board. For a

moment it seemed that she was gone,

shower drenched into the rising

and finally fixed up a station. In im-

mediate danger of his life from the

high wind which threatened to tear

him from his seat and blinded by

spray, he sent out his plea for aid.

Suddenly, through the storm he was

answered by the revenue cutter Ya-

macraw. Passengers and steward and

thirty negro employees on the Lex-

ington were brought here today by

the Yamacraw which left Captain

Crow and 23 men aboard. Two fire-

men are reported burned to death

and a third terribly scalded when the

vessel grounded. First officers claim

that a fracture of the right

shoulder. The Lexington which is a

Merchants' and Miners' liner, was

bound for Savannah to Philadelphia.

C. Smith's First Press, Calgary—Alberta Hotel, STATIONERS—Stratton's Investment Company.
Readers of The Capital are requested to favor the management by reporting any irregularities in delivery.

MOUNTAIN TRADE
BELONGS TO EDMONTON

The announcement of the location of the G. T. P. divisional point at Fort George and the concurrent announcement of the inauguration of a train service to Fitzhugh are signs of the times of which Edmontonians will do well to take cognizance.

In the mountain country to the west of Edmonton there is due to be great development within the next two years. Enormous timber resources lie to the north of Fort George. Reports of mineral discoveries in the valley of the Fraser have already commenced to come in. Settlers in thousands are pouring in to the interior of B. C. Railway construction on a larger scale than anything heretofore attempted in Canada will keep the contractors busy in the rock cuts for the next two years. Towns will be built, hydraulic plants installed, irrigation systems established and the country turned to use as rapidly as any country has ever been.

By the extension of the Grand Trunk Pacific to Tete Juan Cache the Upper Fraser river country will come into the commercial sphere of Edmonton. All the territory down the river can then be reached by navigation from this end cheaper than from the other end by wagon and steamer. The trade is going to be enormous, and it all belongs to Edmonton merchants if they will just reach out and take possession of it.

WANTED AT ONCE:
A COMPREHENSIVE WATER SCHEME

The mysterious difficulty which has incapacitated the water plant is prima facie evidence that somewhere connected with the utility there is somebody who does not know his business.

The idea that the pumps can keep on pumping fifteen or twenty million gallons a day into the mains and the mains still remain empty is too ridiculous for consideration. Certainly somebody has blundered, but the blunder is so colossal as to make the whole thing look like a farce comedy.

It is, of course, inconceivable that the bottom could have dropped out of the pipe lines without the intervention of an earthquake, but it seems quite as unreasonable that the men responsible should be unable to tell where the water is going to, if it goes into the pipes at all.

It is a vain regret at this late date, but it is nevertheless fact that previous commissioners and councils have not paid enough attention to the recommendations of the practical men connected with the water plant. If they had done so two years ago the city would have had an adequate plant by now. Instead, the water question has been temporized with and patched until the inevitable outcome has been reached and the city is without water.

What is wanted now is someone who can remedy the immediate difficulty and some comprehensive scheme for a real water service for the future. A good attendance at the public meeting Monday night will help to start something.

A PROPOSITION ON WHICH
THE CITY CANNOT LOSE

The proposition made to the city council by the Magrath, Hoglegate people and tacitly accepted by the aldermen is a proposition which is a good one for the city if the council is as large in its ideas as the real estate men who make the proposition.

What the Magrath, Hoglegate people propose to do is to build the street railway from the southeast corner of the city park to the corner of Erwin and Knox streets in the Highlands subdivision, present the completed road to the city and guarantee the cost of operation for a year.

The purpose of the real estate people is frankly mercenary. They propose to make their subdivision more attractive by offering purchasers of residence sites a car service.

But the motives which move the real estate men are nothing to the city. The circumstances are that the subdivision is due to come into the city upon the extension of the boundaries which will come with amalgamation and the line which they propose to build is one which will have to be built sooner or later in any event in order to make the loop with the packing plant line and the East Jasper line.

As the real estate men guarantee the cost of operation and as the city will have only four blocks to build from the corner of Erwin street to complete the loop, the proposition is one on which the city cannot possibly lose and by which it must gain at least to the extent of the cost of the trackage donated to the street railway system.

On that basis the city could accept a thousand miles of line and not lose anything.

WASHINGTON AND OREGON
NO DANGER TO ALBERTA

While the Conservatives are trying to make the public believe that reciprocity will turn the Coast market over to the farmers of Washington and Oregon a Seattle man arrives in Calgary with an order for ten thousand tons of oats.

Any person who could believe that freedom of trade could deprive Alberta of any market in which the agricultural products of this province have a fair show with the products of any other country has very little faith in the truthfulness of the evidence before his eyes.

Not only could Oregon and Washington not take any markets away from Alberta, but Alberta can ship right into Washington and sell in spite of the duty, as the Seattle man's order indicates.

Dr. McInnis' proposal to take ten feet off the lots and then make the lots pay for the ten feet looks as much like perpetual motion as anything heretofore devised.

France ordering ten thousand airships for use in war indicates that war in the future is not going to be on the same footing as in the past.

After having discussed the gas question for five years, the city council decides that it requires another week to go thoroughly into the matter.

Added to the question of where did the \$69,350 come from is now the great mystery of where does the fifteen million gallons go to.

A public meeting to discuss the water problem may be all right, but it takes more than heated atmosphere to operate a pump.

Mark Twain's bluejay that tried to fill the knothole with acorns had nothing on the engineers down at the water plant.

HARVESTING GENERAL
ALONG C.N.R. LINE
CANADIAN PACIFIC
SCORED BY MABEE

SEVENTY-FIVE PER CENT. OF
SOUTHERN MANITOBA GRAIN
NOW IN STOCK

Harvesting is general along the main line of the Canadian Northern according to Superintendent Ben who returned to the city last night after a trip to Winnipeg. Little or no damage has been done by frost and although rains have been heavy there has not been sufficient moisture to materially injure the yield.

In Southern Manitoba, "said Mr. Brown this morning, "more than 75 per cent of the crop is in stock. "The percentage is less farther west along the main line of the C. N. R. but all through Alberta and Saskatchewan harvest is general. Farmers are cutting grain of all kinds."

With regard to the service that is to be inaugurated over the branch line from Vegreville to Stettler, Mr. Brown stated that it will be a bi-weekly service carrying freight only. The trains will leave Vegreville on Monday, Wednesday and Friday mornings, and will leave Stettler, the southern terminus of the service, to return to Vegreville on Tuesday, Thursday and Saturday mornings.

"Agents will be appointed at Comstock, Stettler and four other points," said Mr. Brown. "At the small stations the freight will be handled by the train agent. Elevators are being erected at different points along the line and the new freight service will handle all the grain to be shipped out of the districts served by the road."

"THIS DATE IN HISTORY"

1791—Lydia (Huntley) Skirrow, noted author, born in Norwich, Conn. Died in Hartford, June 19, 1865.

1816—Convention met at Monterey and framed a constitution for California.

1869—Prince of Wales laid the corner stone of the Parliament Buildings at Ottawa.

1861—Delegates from Nova Scotia, New Brunswick and Prince Edward Island met at Charlottetown to consider the federation movement.

1875—"Molly Maguire" murdered two miners at Haven, Pa.

1877—Alvin Adams, founder of the Adams Express Company, died in Watertown, Mass. Born in Andover, Vt., June 16, 1804.

1878—The repeal of the National Bankruptcy Act became effective.

"THIS IS MY BIRTHDAY"

Henri Bourassa

Henri Bourassa, leader of the Quebec Nationalists and one of the most notable figures in the ranks of those opposing the return of the Laurier government in Canada, was born in Montreal, September 1, 1868, and was educated by private tutors in that city. In 1886 he removed to Montserrat and for several years was mayor of that place. He entered federal politics in 1896, in which year he was selected to the Dominion House of Commons. Three years later he resigned his seat in order to vindicate his position on the constitutional aspect of the participation of Canada in the South African war. He was re-elected by acclamation in 1900 and was again successful in the general election of 1904. As a member of parliament Mr. Bourassa was regarded as brilliant and effective. He at first supported but later criticized the Laurier government. Through the Montreal newspaper, and in his speeches, he is advising the electors of Quebec to vote at the coming election against Laurier and the extension of the Canadian navy, contracts for which are about to be let.

NATURALIZATION PAPERS ISSUED

The bureau of naturalization papers, which has been pouring into the superintendent court offices during the past week, weakened this morning, when the comparatively meagre number of 18 were posted. The majority of these have been taken out by citizens of Edmonton. For the first time, the names of a number of Italian citizens appear upon the list. The great majority of the foreign born residents of Edmonton who have taken the oath of allegiance during the past month, are of Italian birth.

SERIOUSLY INJURED

Orlando Beina the French Canadian laborer who was injured on the Canadian Northern grade yesterday, and brought to the City Hospital is still in a serious condition. The man fell from a high scaffolding on a building under construction, and sustained internal injuries. He was picked up and brought to the city in an unconscious condition.

OFFICIALS ROUNDLY CRITICIZED
FOR EXISTING CONDITIONS AT
YALE—STOCK COMPLAINT

(Western Associated Press)

Vancouver, Sept. 1.—Flanked by a score of lawyers and with a list of over half a hundred cases facing them, McInnis of the Dominion Railway Commission, opened a sitting in Vancouver today. They are not expected to conclude until next Tuesday or later. "I should have thought that they would have indicted the man who was responsible for the conditions affairs instead of waiting to bring the complaint here," said Chairman Mabey when Rev. N. Groulx, vicar of Yale, the historic Fraser Canyon town of Yale, and Rev. S. J. Underhill, chaplain of all Hallies school, Yale, presented to the board against the blocking of certain streets in the town of Yale by the C.P.R. authorities. The streets mentioned were Albert street and Douglas street, and the complainant alleges that for four months a string of laborers' cars was left standing in the middle of the town while certain railway improvements were being carried out. No sanitary conveniences were provided and the residents were frequently scandalized by the actions of the laborers. The situation from the point of health was also deplorable, it was charged.

MORE TEACHERS
WILL BE NEEDED

The Edmonton public school board has now in its employ 74 teachers to carry on the work in the various schools of the city during the term just commencing. This number includes

supervisors, two regular substitutes who will be kept on the pay roll during the entire term. It means an increase of eight over the number of teachers employed by the board at the close of the summer term, and the increase is due to the growth in the number of pupils attending the city schools, which has necessitated the opening of three more rooms in the Oliver school on Seventeenth street. And the line is not far distant when it will be necessary to make further additions to the staff of teachers. In the Alexander Taylor school and the Norwood school more than 50 pupils on an average are crowded into each of the rooms. The three temporary schools on Strathcona avenue and with the opening of the McCauley street school, now under construction, more teachers will have to be employed, although the temporary schools will be done away with.

The number of teachers allotted to each of the schools of the city is as follows: Queens avenue, Oliver and Norwood, each 10; McCauley street, Alexander Taylor, each eight; three temporary schools on Strathcona avenue and the temporary schools in Bedford, Norwood extension, Riverdale, Ross and Westmount, each two. High school, six.

Owing to congestion in the Queens avenue school it has been found necessary to install a public school class in the new high school building. A class of primary pupils are given instruction there. Putting the primary classes in quarters north of the C. N. R. tracks is making it possible for the smaller children who would otherwise be in the Queens Avenue school, to go back and forth between school and home without crossing the railway.

Teachers Who Resigned

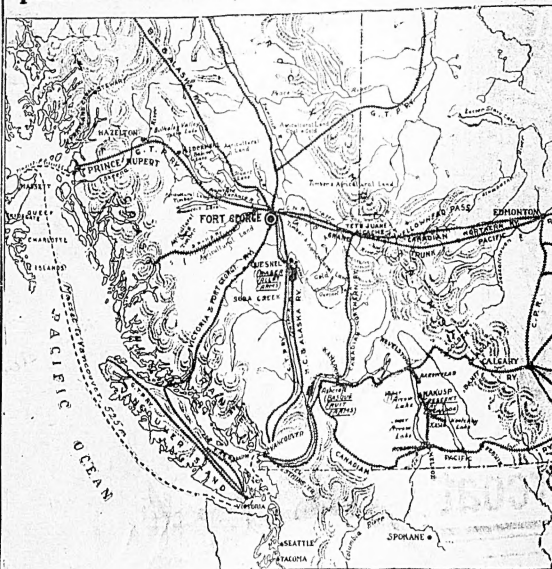

The teachers who have left the employ of the board during the summer vacation are R. H. Roberts, mathematical master of the high school; Miss J. E. Sinclair, of Alexander Taylor school; Miss Bessie McLaughlin, of Oliver school; (now Mrs. Gaultier); and Miss E. H. Brown, of McCauley street school. (now Mrs. Williamson, of Kenora). Miss Phyllis who was doing grade teaching last term has been assigned to a position of teacher of domestic science in the high school.

New Instructors

The teachers entering the employ of the board with the opening of the fall term are J. J. Stratton, B.A., of West-askin; C. D. Hicks, Geatrick, Ontario; E. Deader, formerly of Edmonton; Miss M. McInnis, of the C. N. R. Stanley; Taber; Miss N. Bennett, of Lacombe; Miss K. Mettall, Kennedy, Brookside; Miss M. S. Brown, of Peoria, Ont.; Miss T. Harris, Edmonton; Miss L. McLaren, Medicine Hat; Miss D. Brown, Montreal; Miss L. Perrins, Guelph; Miss Strong, Ohio.

Buy
Fort George
Today

The Grand Trunk Pacific Railway has completed the deal for the Indian Reservation

Fort George has got the water power. Fort George has over 1000 miles of navigable waterways. Fort George is the center of 50,000,000 acres of good agricultural land. Fort George has billions of feet of first-class building timber, beside rich in minerals and having a natural location at the junction of the Nechaco and Fraser Rivers, where even steamers ply the waters to the north, south, east and west at the present time.

If you buy a lot in this new city today you get in on the ground floor and with very little money you can double and treble your money in a very short time. Do not wait until it is too late, but take advantage of the opportunity now while you can secure property at small prices.

Mr. E. J. Chamberlain, Vice-President and General Manager of the Grand Trunk Pacific system, says:

"We regard Northern British Columbia as our great field, and we shall spare neither effort nor expense to develop that country in the most effective manner. As soon as our main line is completed we shall undertake the construction of branch lines, and one of the first we shall put in hand will be a line to the north. In our original plans our engineers proposed to start that line from the Bulkley Valley, but we have now come to the conclusion that Fort George is the best point at which to connect it with the main line and form our main junction point. There is a vast, rich country there awaiting development, and we shall supply it."

"Fort George is destined to become the most important point and the greatest city between Prince Rupert and Edmonton, and is the point from which we propose to enter the rich territory in the north and south."

Fort George is the strategic commercial centre of a new Inland Empire—more advantageously situated even than Spokane, a city of 125,000 people, the chief city of the Inland Empire famous all over the continent for its fruit and wheat and its wonderfully rapid growth.

The time to buy in Fort George is NOW—the present time. The advent of the Grand Trunk Pacific Railway will mean a tremendous advance in prices. Other railways will follow.

LAYING OF STEEL WEST OF STURGEON

WILL BE COMMENCED BY CANADIAN NORTHERN IN A FEW DAYS
—NEW OUTFITS ON GRADE

Within the next few days steel will be removed on the Canadian Northern main line west of the Sturgeon river bridge and the track will be laid right through to the Regina river where the first large bridge on the Canadian Northern west of Edmonton is to be constructed. The steel lying in the yard at the Canadian Northern outfit was brought from the Athabasca landing line recently and is now at St. Albert. Track has been extended as far as Stony Creek, 26 miles north of Edmonton on the Athabasca Landing line but it was impossible to go further for the reason that the grade north of that point is not completed.

Steel was laid to the Sturgeon river before the track layers started north on the landing line and while they were at work in the north the bridge over the Sturgeon was completed making it possible for them to cross over and continue their work west of that stream.

There is a possibility that the progress of the steel work on the main line may be held up at places where the grade has not been completed but the grade contractors are bending every effort to keep ahead of the steel gangs. A large number of men from Winnipeg have been shipped into the camps of McMillan Brothers and Kerney, who have the contract for the stretch of main line grade between St. Albert and the Pembina river, and they are now working their outfits with all the men they possess.

New outfits are being placed on McArthur's contract between the Pembina and the McLeod river. Two grade outfits went west to this country last week from work south of Regina and two more of McArthur's outfits are in Edmonton today on their way from Regina where they have been at work on the C. N. P. which was recently completed into that city. They are in charge of J. B. McMillan. There are four outfits of equipment and 55 men.

SPENDS 20 DOLLARS TO COLLECT 25 CTS.

ALBERTI CLEVERMAN TAKES CASE
AGAINST C. P. R. TO GET REDEMPTION
BOARD—GETS REDRESS

(Western Associated Press)
Vancouver, B. C., Sept. 1.—Declaring that he was unable to obtain redress by an ordinary complaint, Roy B. Alberti, a cleverman living at Alberni on the west coast of Vancouver Island, came all the way to Vancouver yesterday to apply to the Federal Railway Commission for a refund of 15 cents. He had been charged \$1.90 freight on a barrel of caribou from Vancouver to Alberni and insisted that he should have been charged \$1.15. After half an hour's argument, the commission sustained him and ordered the refund. Currie then applied for twenty dollars travelling expenses from Alberni to this city, but the commission refused to have authority to award this. Gustman Myer, however, said he sympathized with Currie's claim for this amount, especially in view of the fact that Currie was forced to spend the money on C. P. R. stores to get to Vancouver to collect his forty-five cents.

MAGAZINE WRITER IS PAYING CITY A VISIT

George Sutherland, a representative of the Western British American and the Canadian American, two publications issued in Chicago, was a visitor at the board of trade rooms this week. He is gathering material for articles on Western Canada which will appear in the publications which he represents. He is also looking after the advertising interests of the papers.

The Western British American and the Canadian American are published in the interests of the Canadians and people from the British Isles, residing in Chicago and in the surrounding country. Both papers have a wide circulation which is centred almost exclusively on these people.

The hearing of the charge of assault laid against one of the Olsen brothers, which was on the docket at the mounted police court for this morning, was adjourned until next week.

Scotland Woolen Mills Company Here

Biggest Continental Tailoring House Branches in
Every large city in Canada—One Price—Mill to Man

OPENS TOMORROW

Saturday, September 2nd

A new tailoring shop opening up in the city doesn't mean much, but the appearance of the **Scotland Woolen Mills Company** on the street stands for a whole lot as far as the well dressed "man around town" is concerned. Also the **Scotland Woolen Mills Company** is the **Only Mill-to-Man** tailoring establishment in the Dominion.

The Company has stores in all the large centers of "the Dominion" and in London, which is in the heart of the Mill in Scotland. Edmonton has now been added to the list and the store will open with a new line of select wools, for mill, direct from the Mills in Scotland.

You are particularly asked to remember that there is only one price for the **Scotland Woolen Mills Company** garments and these are made to your measure from material selected by you at the local branch.

Suit or Overcoat

Buying a
**Scotland Woolen Mills
Suit**
Means that you are getting
The Best There Is
In Wool Quality at a "Boddy Price"

With the opening of the Edmonton branch, we are able to introduce the very latest of the patterns received from Scotland and made from the designs accepted by the big tailoring houses of London, Eng., whose selections rule the world of fashion.

Furthermore, we have this to say: That after you have received your order for the clothes, if you are not perfectly satisfied we will cheerfully refund you any money you have paid us.

SCOTLAND WOOLEN MILLS CO.

Call at the Big Opening and get in your order for your Fall Clothes—SOMETHING BETTER than you have ever seen—AND CHEAPER

Made To Order

We Guarantee
Everything
We sell as being superior and if you
are not satisfied
We Will Cheerfully Refund You
The Money
You have paid

You must know what it means to deal with a firm such as the **Scotland Woolen Mills Company**. The fact that the goods go direct to you from the Mills, saves you at least four different profits on the goods. Then we employ only experts in the cutting and designing of the garments.

MURDERER GOES TO GALLOWS SOON

PRINCIPAL ACTOR IN "TRUNK
MURDER MYSTERY TO FUNK"
SUPREME PENALTY
(Special to the Capital)

Portland, Ore., Sept. 1.—Jesse B. Webb, the principal in the so-called "trunk" murder which stirred this section of the country a year ago, will be executed at the state prison early in the coming week unless his sentence is commuted by Governor Webb. Webb has had two trials and an appeal for a third trial was denied by the supreme court. Governor Webb, after a careful review of the case, announced that he saw nothing that would warrant his interference with the sentence of the court. Consequently, there is believed to be little or no chance for Webb to escape the gallows.

Webb was convicted of killing William A. Johnson in the New Grand Junction hotel in this city a year ago last June. The victim was shot and then beaten to death with a blackjack and his body stuffed into a trunk. The murdered man had arrived at the hotel

REAL ESTATE FIRM TO BUILD STREET RAILWAY

In all probability the McGrath, Holgate Company, Ltd., will be permitted to expend their \$25,000 extending the street railway from the grove of stewart trees at the eastern side of the city park to Irving avenue, a distance of ten blocks. If the terms of agreement which the city solicitor, the street superintendent and the McGrath, Holgate Company draw up is approved by the council, such will be done. The scheme demands an expenditure of 7-10 on the part of the city for extending the line from the east side of the park to the grove of trees. Although the city council did not guarantee to go into an agreement, they gave the really firm assurance to a certain extent that they would act favorably upon the project, and on the strength of this McGrath, Holgate company have telegraphed an order for the steel.

Three Blocks for Park
And the really firm further stated yesterday that if the city would extend the water main to its property, they would donate to the city three blocks of land in "Richlands park to the city for park purposes. The three blocks donated is independent of the street car extensions project.

CAMORRISTS GET LIGHT SENTENCES

CONVICTED OF INSULTING PRESIDENT OF COURT AND ARE GIVEN
THREE MONTHS

(Western Associated Press)
Vancouver, B. C., Sept. 1.—Enrico Alfano, alleged head of the Camorristi and Giuseppe Minichello, another member of the Camorristi, now on trial for the murder of Giuseppe Cuccillo and wife, were sentenced to three months imprisonment yesterday for insulting Cavalier Baines, the president of the court. When the session resumed the prisoners were again confronted with the caribou whose testimony dealt with the murder of Cuccillo's wife. Alfano and Minichello took offense at the manner in which the questions were put to the witnesses and shouted, suggesting the answers to be made. They caused so much confusion that the proceedings were interrupted. After the tumult subsided the public prosecutor demanded that Alfano and Minichello be tried on the charge of insulting the judge and the two

CHIEF DISTURBERS WERE CONDEMNED TO SIX MONTHS IMPRISONMENT. The excited state of the prisoners, however, induced the judge to reduce the sentences to three months in each case.

CENTRAL ALBERTA LAND SUPERIOR TO SOUTH

Says Canadian Pacific Land Agent Who Recently Finished Tour of Inspection in This District
After inspecting the lands of the C. P. R. in the Lacrosse district in northern Alberta, H. P. Smith, who is associated with J. H. Smith, agent of C. P. R. lands in Toronto, stated to a capital reporter yesterday that he considered that northern lands of considerable greater farming value than those of the south. "This is my first visit to the Edmonton country and to the territory to the east," Mr. Smith declared, "and I have been more than a little surprised by the character of your country. As a mixed farming country it has far exceeded my expectations."

ESTATE VALUED AT \$440,000
(Western Associated Press)
London, Sept. 1.—The estate of Lord Lovelock, late of Lake Umbagog, Ont., left an estate valued at \$440,000.

HEAVY BETTING Owner of "Pioneer" Offers to Wager That His Craft Will Beat "Dixie" at Regatta

(Western Associated Press)
Huntington, L. I., Sept. 1.—Captain Fred Barnham, lieutenant of the "Dixie," which will defend the International Cup against the British challenger, next week, has received a challenge from the Duke of Westminster, owner of the "Pioneer," one of the fastest boats in the world, to a race of \$100,000 that the "Pioneer" will defeat "Dixie."

IMPROVED MAIL SERVICE
According to information received by Secretary Fisher this morning from R. M. Campbell, deputy post master general, a local car mail service is to be established between Hardisty and Strathcona on the Broadview Road, to expedite the delivery of through mail and also afford a closer interchange of mails between Edmonton, Strathcona, Wetaskiwin, Dauphin, Carleton Place and Hardisty.

A baggage car mail service means a closed mail for each of the post offices between Edmonton and Hardisty.

French Bluejackets Risk Their Lives To Save Their Comrades

Submarine Starts to Sink and Officers Order Men to Leave Ship While They Effect the Repairs Necessary—
Close Compartment and All Escape

(Close Cable Service)
Sept. 1.—The story of the French submarine, which has been enriched by a sensational story of gallantry whereby the loss of the French submarine, the Rubis, was recently averted at Cherbourg, should have been told in the afternoon of the submarine was traveling on the surface after attacking the vessel. With her captain, Lieutenant Renault, Sub-Lieutenant Caribonier, and ten men of the crew on the surface. Suddenly the submarine's bows became submerged at a steep angle, and it was seen that the vessel was sinking.
Quite calmly the commander gave a few orders, and Lieutenant Caribonier, to the interior of the submarine, and told the men on the surface to throw off their clothes and jump into the sea, swimming, helping those unable to swim. The blue-jackets jumped into the water while the submarine sank rapidly, her commander at this post, his hand firmly grasping the ladder.

PARKER SHOWS IN COAST TRAIN SMASH

NUMBER OF EMPLOYEES HAVE
NARROW ESCAPES—TWO VALUABLE
HORSES KILLED IN SMASH

(Western Associated Press)
Vancouver, Sept. 1.—The Pacific coast, eastbound, ran head-on to the second section of the Parker show, near Revelstoke, and but for slow orders under which the Parker show was running, the entire train might have landed in the river, and with fatal results. As it was two cars were telescoped, several people were bruised, but not seriously injured, and two horses killed. The second section was delayed some five hours and did not arrive in Vancouver until late Saturday afternoon.

The conductor of the eastbound train, however, confessed to the passengers, claiming not to have been warned about the second section of the show. In the first section was passed, he assumed this to be the entire show, and ran out onto the cutting near Revelstoke, and struck the second section just as they were rounding the curve.

Several lives were saved, were reported, and a number of amusing incidents occurred. A baby elephant with its head broken, and its trunk from its shipping box and allowed the freedom of one end of the car, and was demolished in the crash. When they reached "Sammy," he was actually standing on his head, held high by several men. Bales of hay, and other goods that could be distinctly heard for several miles.

SENATOR REFUSED TO DON REGALIA

APPEARS BEFORE KING ALBERT IN
EVENING DRESS—UNIFORM IS
AGAINST HIS PRINCIPLES

Brussels, Sept. 1.—An amusing episode is related by a Brussels newspaper with regard to a newly-elected Belgian senator who appears to be an earnest, round, stout man of middle age, and who, at the moment of the Upper house when he appeared, he exclaimed "this is not in conformity with democratic principles." Being invited to an official dinner at the palace, the senator declared that he would rather wear evening clothes or a tuxedo to attend. He was careful, however, first to enquire of the Grand Marshal whether this dress would be admissible, and was told that so great was the esteem of King Albert for his talents, that he would be welcomed whatever his attire.

Accordingly the senator accepted the royal invitation, and arrived at the palace in evening dress without decorations. He alighted, however, from a beautiful limousine on the door of which his monogram was blazoned in golden letters two inches high.

EXPLOSION INJURES CHICAGO FIREMEN

TEN ARE SLIGHTLY INJURED
BEFORE \$100,000 BLAZE IS
BROUGHT UNDER CONTROL

(Western Associated Press)
Chicago, Ill., Sept. 1.—Falling timber which swept through a business building in the downtown district today today firemen were slightly injured by an explosion of chemicals that before the fire was extinguished \$100,000 worth of property was burned. The burning building was two stories from the Practitioner's hospital building, and was being occupied by the fire department. The building was destroyed by the fire, and the firemen who were the fire department of the building.

Within the last forty years the number of women workers in France has almost doubled.

STOLYPIN BOUND TO DRIVE OUT JEWS

RUSSIAN GOVERNMENT IS DOING
ALL IN ITS POWER TO DRIVE THEM
AS FAR AS TRADE IS CONCERNED

(Western Associated Press)
London, Sept. 1.—The Russian government of the Jewish World describes an alleged campaign by the government to drive the Jews out of their livelihood, and but for slow orders under which the Parker show was running, the entire train might have landed in the river, and with fatal results. As it was two cars were telescoped, several people were bruised, but not seriously injured, and two horses killed. The second section was delayed some five hours and did not arrive in Vancouver until late Saturday afternoon.

The conductor of the eastbound train, however, confessed to the passengers, claiming not to have been warned about the second section of the show. In the first section was passed, he assumed this to be the entire show, and ran out onto the cutting near Revelstoke, and struck the second section just as they were rounding the curve.

FAT MAN VAINLY ATTEMPTS DEATH

JUMPS INTO RIVER AND TRIES TO
DROWN HIMSELF BUT FINDS
HE CANNOT

(Special to the Capital)
Donaldsonville, La., Sept. 1.—Wilson Arnold, a wealthy contractor, weighing about three hundred pounds, attempted in vain to drive himself yesterday, his fat stomach acting as a buoy. Before jumping into the Mississippi river he said, "I'm so fat, even my wife no longer loves me." Arnold went down a few feet but soon bobbed to the surface and remained there despite his desperate efforts to end his life. He floated two miles down stream and was picked up by a party in a skiff.

HOLLAND'S QUEEN IS '31

(Union Press Service)
The Hague, Sept. 1.—The thirty-first birthday anniversary of Queen Wilhelmina was celebrated by the people of the Netherlands today with the customary rejoicings. The feast of many flags gave to the cities a festive appearance. Messages of congratulation and good wishes came from all parts of the world were received by her Majesty during the day.

For the fifth time in a year an effort is being made to organize the freethinkers in Ontario and especially those in Toronto. There are about one thousand two hundred in the Toronto terminals.

VIVIA WON
Toronto, Sept. 1.—The Vivia the Canadian boat, won the last and deciding race for the George cup this morning. The course was a ten mile triangle and a brisk wind held Kathleen of Kingston, which was second, a half mile back, while the challenger, the Waterlox of Watertown, N.Y., was a mile back. As the Vivia won the second race also, the cup stays here.

Meals served à la carte, from 11 a.m. to 12 p.m.

ESKIMOS LOSE AGAIN BY ONE SIDED SCORE

Foster, City League Pitcher, Twirled for the Eskimos and Showed Promise, But Bronchos Bunched Hits in Two Innings and Won the Game

Foster, a city league amateur pitcher made his debut into the professional ranks when he operated on the mound for Edmonton in the fourth last game of the season being against Calgary. He lost by a score of six to one but even so, considering the circumstances that it was a dead night and that there were only a few fans to yell for him, he did fairly well to hold the heavy hitting Bronchos down to four runs in five innings. The Bronchos got seven hits off him in those five innings.

Foster was working under adverse conditions. The evening was rainy and cold. The very kind of night a man's arm goes dead. Besides the ball was wet and slippery, making it almost impossible to curve it. Had he been in for an afternoon game when it was warm and dry and there was a good crowd to root for, he probably would have pitched a good game. As it was his work for five innings was as good as many slant artists who hold jobs in the W. C. L. all season.

Calgary won the game in two innings the first and fifth. In the first inning pulled a free kick. O'Brien flew out to Henriksen. Moran peppered the pitcher with a three runner scoring. Piper, Chick bunted but Moran was killed at the plate. Vandine lifted a two bagger to right and scored Chick. In the fifth Davidson singled. Manning doubled and Davis scored. Piper singled and Manning scored O'Brien. Moran and Chick died in succession. In the first half of the sixth which

Score by innings:
Edmonton 1 0 0 0 0 3—1
Calgary 2 0 0 2 2 6—10
Summary—Two base hits, Vandine, Davidson, Manning; three base hits, Moran, Henriksen; bases on balls, off Foster 1; struck out, by Foster 1; by Manning 2; stolen bases, Piper; sacrifice hits, Bell, Whitman, Henriksen; wild pitch, Foster; time of game, 1 hour; umpire, Wheeler. Attendance 100.

MOOSE JAW GOT ONLY TWO SWATS OFF SHERIDAN
Moose Jaw, Sept. 1.—Sheridan puzzled the Bruins last night and the only two hits in an errorless game did not produce a run. Their long rally came in the third from two passes and a sacrifice. The Pickers scored in the second on two passes, elicited by Herthill's timely two-bagger. In the fifth, McAllen started with a double but was forced and died at third. Then Carney's sacrifice, Allan got a pass, so did Walsh and when he was forced to second, Allan and Carney scored. Both teams are badly crippled, Quigley and Harper both being forced out in the game, although neither are fit. Walsh was hurt and obliged to retire.

ENTRIES FOR LABOR DAY SPORTS WILL CLOSE TONIGHT

List is Said to Be the Largest that Has Ever Been Received in Edmonton—Handicapping Committee Will Set the Handicaps Saturday Morning

Entries for the Labor day sport meet close tonight. It is stated that the entry list is one of the largest that has ever been received in Edmonton and that some of the best men in the city are going to compete. The list of entries will be published in the Capital on Saturday, and if the handicapping committee completes its work the complete list of handicaps given the different men in the handicap runs. As soon as the entries are all in the committee will get busy and set the marks.

FIRST ROUND OF LADIES SINGLES WAS COMPLETED

The provincial golf tournament opened yesterday under the best of conditions.

The first round of the ladies' singles was finished with the following results:
Mrs. Nightingale (Edmonton) defeated Miss Sierrow (Calgary).
Miss Brown (Edmonton) defeated Mrs. Bishop (Edmonton).
Mrs. Clarke (Calgary) defeated Miss Downey (Calgary).
Mrs. Simpson (Edmonton) defeated Mrs. G. W. Gross (Edmonton).

SCOUT ORDERS

Edmonton Battalion of Boy Scouts order, Sunday, September 3.—Church Parade will be held at 3:30 p.m. Each troop will proceed from its headquarters at St. Andrew's church, corner Ottawa and Jasper avenue. The parade will move into church at 4:25 p.m. H. A. Gray, District Commissioner.

NO MEETING

The meeting of the Busby club which was scheduled for last night failed to materialize there being only Manager Brown White, Secretary McPherson and Treasurer McLean present. That did not make a quorum, and there was no meeting.

DESCENDENTS OF SAMUEL FORD

Portland, Me., Sept. 1.—Members of the Ford family association held their tenth annual reunion today at the Fairmount House in this city. George Ford, of Kensington, N. H., president—Samuel Ford, the progenitor of the family, lived in New Hampshire at the middle of the 17th century, and his descendants are now widely scattered throughout the country.

Real Estate BULLETIN

The movement on Jasper avenue west still continues, and we do not hesitate to predict that the next few weeks will witness one of the largest turnovers of Jasper properties west of Ninth street ever before recorded in the history of this city.

The steady demand for properties through the past summer months in all residential districts of the city has laid a foundation for a real estate movement which is appealing alike to large and small investors. It is hardly necessary to state that this movement is increasing and that we are now in an era of prosperity the like of which has never before been known in this municipality.

JASPER AVENUE PROPERTIES

A corner on Jasper Ave. west, . . . \$21,000
\$10,000 cash handles this; terms for the balance.

NEWS OF THE CITY

Hon. Frank Oliver held a campaign meeting in Norwood last evening.

The Woman's Hospital Aid will meet on Monday at 3 o'clock in All Saint's school room.

Harry Gates of Kenilworth, Ontario, and James A. Farrell, of Arthur, Ontario, are the guests of Joseph Driscoll, clerk of the district court, who was a former school chum of the easterners.

Orders are issued to a company of the 101st Edmonton Fusiliers that all uniforms and equipment must be turned in to the armory for inspection not later than 8 o'clock this evening.

The marriage of George E. DeMott, of Edmonton, to Miss A. M. McCallan, of South Brantford, Mass., was solemnized by Rev. Dr. McGeown at the manse on Fourth street yesterday.

On Wednesday night the funeral occurred of the deceased old child of J. E. Martin. The death took place at 2:30 this afternoon, from influenza and pneumonia.

Mr. and Mrs. C. W. Brown, of Belleville, Ont., and their daughter, Miss Laura Brown, are paying a short visit to their daughter, Mrs. Walter Gandy, of Sixth street.

C. S. Fyle, Canadian Pacific Railway ticket agent in Edmonton, left the city last evening on a holiday trip to the Pacific coast.

On Thursday morning the death occurred of Fred G. Beller, 824 Fraser avenue. The funeral will be held on Saturday morning at 10 o'clock from the residence to the Edmonton cemetery.

The wedding took place on Thursday evening at the Presbyterian manse, Fourth street, of Geo. E. McNeill, formerly of Edmonton, and Miss Alberta McNeill, of South Brantford, Mass. The ceremony was performed by Rev. Dr. McGeown.

The steamship City of Edmonton, is making a day trip to the island on Labor Day, Sept. 4th, an enjoyable time is expected. Fares 50c. Passengers bring their own lunch baskets may purchase tea and coffee on the boat at reasonable prices.

The "Sons of England" annual picnic will be held on Monday next in the city park. Numbers will meet in the park at 2 p.m., south of the exhibition grounds. A good program has been arranged with a variety of events that will suit both old and young people, tea and coffee will be provided.

At a meeting of the Young Men's Conservative Association held last night Percy Abbott was appointed general chairman of the campaign work which will be done by the young Conservatives during the present campaign. The appointment of various sub-committees and others who will take part in the campaign will be announced at a similar to be held by the young Conservatives on Monday evening.

COMMITTEE WILL DRAFT ANOTHER AGREEMENT

City Council Again Sidesteps Question of Submitting Bylaw for Municipal Gas Plant

Although the city council has not yet condensed to give the citizens a chance to speak directly and emphatically as to a municipal gas plant, nevertheless the municipal body has not yet framed up a proposition to deliberately set away with it. With one confirmed municipal ownership man slipped from his harness, the people of Edmonton are not so safe as they were before.

To Draft Agreement

There is to be another agreement. A committee consisting of Aldermen Bradshaw, Melville and Towns, together with the city solicitor, W. H. Pearson of Toronto, the gas magistrate, and his solicitor, C. C. Macdonald, are to draft an agreement whereby Mr. Pearson would erect a gas plant in Edmonton and supply non-flaming blue flame, 90 cent gas. Next Tuesday the committee is supposed to make its report to the city council.

At the meeting of the city council yesterday afternoon this committee was appointed and the above decision was taken.

Mr. Pearson of Toronto has made two proposals to the city. During the discussion yesterday afternoon the question of whether or not the city wanted any corporation gas plant at all or not was brought up, but quickly it was side-tracked and was not brought to a vote.

With Aldermen H. L. Melville and Alderman Charles Towns on the committee to draft the Pearson agreement, it is quite likely that they will take advantage of the municipal plan offer of Mr. Pearson and the two proposals submitted on Tuesday evening.

A BARGAIN \$275.00 Each

For your choice of several Splendid Lots in Block 5, Hempriggs, facing on 29th street; good terms. You cannot beat this in the city for investment.

LUTHERAN'S OPPOSE NE TEMERE DECREE

RULING CONDEMNED BY UNANIMOUS VOTE AT GATHERING OF DELEGATES AT STONY PLAIN

Voicing the opinion of 10,000 natives of the Russian and German empires, now resident in the Western States and Canadian provinces, delegates assembled at Stony Plain last week at the annual convention of the Lutheran church, of Western Canada and the Western States, passed a resolution in condemnation of the Ne Temere decree. The resolution was carried on August 22 by unanimous vote, 34 delegates and six teachers of the church, all of whom are former subjects of the Czar or Kaiser, taking part in the discussion of the decree, and condemning it in emphatic terms as an invasion of the liberties which they are wont to associate with British civilization. "The growth of religious liberty in Russia," one of the delegates is reported as having said, "is in remarkable contrast to the apparent narrowing of religious freedom in this continent in recent years. Narrow as is the measure of Russian liberties, it is gradually broadening, while the wide liberties of Canada are being made narrower at the instance of a powerful church." A copy of the resolution was forwarded to Sir Wilfrid Laurier.

All the Lutheran ministers of Missouri, Ohio, and other states of the northwest, extending to the Rocky Mountains, were present at the conference. Manitoba, Saskatchewan and Alberta, contributing a considerable number of delegates to the assembly. The division of Western Canada into two synods, one in Saskatchewan and the other in Alberta, was discussed by the conference, and next year it is anticipated that the division of the jurisdiction of the church will be effected.

The Lutheran church in Western Canada and the states claims to have increased its numerical strength in Western Canada and the Western States by an enormous figure, during the past ten years. In 1901 its members numbered but six, while today in the same territory there are no fewer than forty.

HAVE DIFFICULTY IN BUILDING LINE

TO COAL FIELDS WEST OF CITY—TUNNELS AND QUICK SAND MAKE EXTRA WORK

The construction of the Grand Trunk Pacific branch line from Hickeyville on the main line, 16 miles west of Edmonton to the mines of the Pacific Coast Coal Fields Limited, Yellowknife, Pass Coal and Coke Company and the Consolidated Coalfields, Limited, which are located at different points along the 26 miles of its length, is presenting such engineering difficulties as probably have not been met with in the construction of any other line in the west and there is a possibility that the solution of the problems the constructors are facing may delay the completion of the line for another year or more. Not the least of the difficulties in the way of construction of the road is the fact that it will have to cross a height of land nearly 600 feet higher than the summit of the Yellowknife Pass. Then along the Embarras river will be done there is extensive tunnelling to be done. Bridging of the Embarras river will be made difficult on account of the high cut banks that flank the stream and the fact that there is a great deal of quick sand where the bridge will go. Quick sand makes a poor foundation for railway bridge work.

This summer work on the branch line has been delayed to a great extent by too excessive rains, as has also development work at the mines where the new line will open up. The trail to the Pacific Coast Coal Fields Limited crosses the Embarras river no less than fourteen times and during a recent gale, every one of the bridges over the stream was washed away. Communication with the mines has been almost impossible ever since.

Believing that the Blowers Henry warehouse was burning, two gentlemen, whose names Chief Laurier has been unable to ascertain, turned in a alarm at 10:30 o'clock last night and in view of the water shortage, the equipment at all the fire stations was turned out, only to find that there was no fire. The men had seen smoke issuing from the chimney on the post office building and from a point of vision it looked as if it was issuing from the Rice street warehouse of the Blowers Henry company.

10 Young Ladies Wanted

To distribute premiums in homes in Edmonton and St. Mary's. Good pay and easy work. Write to J. C. Lay, at Daily Capital office, 321 Howard avenue, 10 to 12 a. m., Friday and Saturday.

Warning of Advance in Prices

'Jur Lots Are Too Cheap.

Every time we drive a load of customers to

G.T.P. Addition

It is as evident to them as it is to us that our prices are away below their real value.

Compare its location near what will soon be the largest pay roll centre of the city, the fine, high, dry site—the large lots and the exceptionally easy terms, with surrounding values, and the fact will be as evident to you.

But we are going to partially remedy this, as the price of every lot unsold Sept. 1 will be raised \$25. But, even then, at the advanced price, you will be getting in nearer the ground floor than on many other similar propositions.

Prices now
\$90 to \$200

Terms, \$10 cash and balance \$5 per month.
